Democrat Ticket**

SPECIAL TO THE DISPATCH.
Chicago, June 13.—It has been decided that Hon. Joseph Cotton, of Duluth, will place Hon. Frank B. Kellogg, of St. Paul, in nomination for the vice presidency at the republican national convention next week. Mr. Kellogg's friends are actively engaged in doing everything possible to promote his candidacy. One of the arguments which they are most vigorously pressing is that Governor Johnson may be nominated for vice president on the democratic ticket, in which case the result in Minnesota would be in doubt unless Kellogg was nominated on the republican ticket.

REFERRED TO A COMMITTEE

**Proposal to Unite All State Insurance
Matters of the A. O. U. W.**

Des Moines, Ia., June 13.—The question of uniting all state insurance matters was the chief question before the A. O. U. W. supreme lodge. It is proposed to do away with state agencies and to deposit all funds with one supreme lodge of the organization and transact the business through a central officer.

The matter was referred to the committee on law to draft an amendment to be presented at the meeting two years from now.

Frances Bull Olsen of Minnesota, grand recorder of the Daughters of Honor for that state, was elected superior chief of honor, the leading officer in the superior lodge of the degree of honor. The other officers chosen are:

Lady of honor, Mrs. Frank Kempsey of Montana; chief of ceremonies, Mary L. Ford of Kansas; superior recorder, Mrs. Elizabeth Allbury of Sioux City; receiver, Theresa Hemple of Nebraska; usher, Mary A. Pratt of Michigan; watch, Frances Lichtner of Illinois.

CRAZED FROM HUNGER.

**Machinist Rescued After Being in
Freight Car Seven Days.**

New York, June 13.—Crazed from want of food and water, Chester A. O'Connell, a machinist of Bath Beach, was rescued from a freight car in the Harlem yards and taken to Lincoln hospital, where it was said that he might die.

O'Connell was working in Jacksonville, Fla., and losing his job, crawled into a freight car laden with potatoes, to make his way back to New York. While he was asleep in the car, the door was locked and the car started northward.

For seven days and nights he was locked in the car. To appease his hunger he ate some of the raw potatoes, but they made him deathly ill, and some time in the fifth day he lost consciousness.

Finally after a journey of 1,200 miles the train reached New York, where the car was opened. O'Connell was found unconscious and taken to the hospital, where typhoid fever developed.

HEARING OF CONTESTS ENDS

**Republican National Committee Concludes Its Work in That Direction
and Turns Its Attention to Other
Matters—Vice Presidential Situation.**

Chicago, June 13.—The Republican national committee has completed the hearings of all contests submitted, and turned its attention to other matters. It has been in session for seven days of actual work, and has decided contests in voting 219 seats on temporary roll call. These contests have been decided as follows: For Taft—Alabama 22, Arkansas 2, Florida 8, Georgia 16, Kentucky 8, Louisiana 18, Mississippi 16, Missouri 6, North Carolina 18, Ohio 7, Oklahoma 10, Pennsylvania 1, South Carolina 8, Tennessee 18, Texas 36, Virginia 18, Alaska 2, Arizona 2. Total, 216.

For Foraker—Virginia 2, Ohio 1. Total, 3.

As Taft had 387 instructed delegates before the national committee began the hearing of contests he will now have a total of 603 delegates on the temporary roll call, without taking into consideration any that have either endorsed him or declared for him in any other manner.

The only complete defeat sustained by the Taft delegates in the contests was in the Fifth Virginia district, where a Foraker delegation was seated because a man was allowed to act as secretary of the district convention who had issued a call for a convention in his own county "for white men only." It was believed by the members of the convention that if they allowed the delegates from the convention at which this man had acted as secretary to be seated in the national convention that it would place the party in the light of approving a call issued to a portion of the voters. For this reason it was decided to seat the contesting Foraker delegates.

In Louisiana, Ohio and Tennessee, split delegations were seated, the entire delegation from Louisiana being considered as one contest. The action of the committee in dividing the Louisiana delegation made no difference to the Taft strength inasmuch as both factions were for Taft. The Tennessee division was made in the Eighth district in response to urgent appeals of National Committeeman Brownlow of that state, who asked that it be done for the purpose of healing local differences and giving the party a better chance of electing a Republican representative. The delegation from the Sixth Ohio district was divided on the evidence submitted.

Will Keep Up the Struggle.

Outside of the conclusion of the contests before the national committee, the most important development of the day was the issuance by the "allies" of a statement in which they declared their intention of "sticking to the finish," and in which they asserted that it was certain that "there will be no nomination on the first ballot."

The attitude of the "allies" as outlined in this statement was greatly strengthened by the arrival of General Stewart L. Woodford of New York, who is in charge of the interests of Governor Hughes. One of the first things encountered by General Woodford on his arrival in Chicago was the

strong sentiment developing to couple the names of Taft and Hughes. This, however, General Woodford met with the statement that the New York delegation would come here instructed to support Hughes for the presidency and until the convention had made its choice there would be no consideration of Governor Hughes' name for any place except at the head of the ticket. When shown the authoritative statement made at Albany that the governor "cannot and will not under any circumstances accept a nomination for the vice presidency," General Woodford said "that is exactly what I expected. I have been attending national conventions since 1860 and have never known a wise selection for the vice presidency to be made until after the candidate for president had been chosen."

Asked if Governor Hughes' success in winning the contest over the race track bills had strengthened his candidacy, General Woodford said, "It has proved that Hughes is a fighter and that he never quits."

Instead of continuing the discussion of the vice presidency, General Woodford took up the availability of Hughes for the presidency, and said:

"I know one thing, namely, if Hughes is nominated for the presidency he will be certain to carry New York. I don't say no one else can carry New York. But I do say that with Hughes nominated New York is certain, and with some one else nominated New York is doubtful."

When the Taft strength was mentioned, General Woodford paid a high tribute to the secretary of war, but claimed that Republican chances were greater with Hughes at the head of the ticket.

SPECULATION IS RIFE.

Regarding the Republican Vice Presidential Nomination.

Chicago, June 13.—Speculation is busy with the Republican vice presidential question. No one was able to arrive at a definite conclusion or to form a confident idea as to the possible outcome. The only vice presidential candidate as yet on the ground is John Hays Hammond, who admitted that he was not "exactly in the lead," but added that he was satisfied with existing conditions and prospects.

Senator Hopkins of Illinois, who will be chairman of the committee on resolutions, arrived with a boom for Fairbanks.

"I am for Fairbanks if he will accept," said Senator Hopkins. "He has made one of the best vice presidents the country has ever had and he has earned a renomination."

There is doubt whether the vice president will permit the use of his name, but it is strongly asserted that if he is nominated he will not decline.

The suggestion was freely made that in the event of the selection of Secretary Taft for first place, the naming of the second man would be left to the "allies," and it also was generally believed that, all other things being equal, the choice should fall upon a man from the East. Another element

believes that it will be of great benefit to the party at large if the presidential nomination is made the prize of a free fight on the floor of the convention. It has been long since a contest of that description has been witnessed in a Republican convention, and the advocates of this method of selection believe that it would tend greatly to heal some existing differences.

"There are enough delegates assured to nominate Representative James Sherman of New York for the vice presidency if he wants it."

This statement was authorized by Representative McKinley of Illinois, manager of the "Cannon boom" for the presidency, and who is in close touch with the allied opponents of Secretary Taft. Former Representative Littauer of New York is taking the lead in the Sherman campaign for second place on the ticket.

CLAIMS OF HITCHCOCK.

Give Taft Over Seven Hundred Votes on First Ballot.

Chicago, June 13.—Frank Hitchcock, who had charge of Secretary Taft's interests before the national committee, issued a statement claiming 704 votes for Mr. Taft on the first ballot.

He makes his statement in comparison with one issued by him on May 16, after all of the delegates to the national convention had been elected. In that statement Mr. Hitchcock claimed 717 instructed delegates, which number he now reduces to 513. He credits one to Foraker from Ohio and two to Foraker from Virginia and does not claim for Taft the split delegation from the Eighth Tennessee district, involving the loss of another seat. By endorsement he claims 36 votes, the same figure given in his May statement, but by declaration he now claims 155 votes, instead of 31 as claimed in May. This makes a total of 704. He credits 227 instructed votes for other candidates and leaves 49 not accounted for.

SENSATION AT A TRIAL.

Attorney Withdraws From Case Because Witness Testified Falsely.

Chicago, June 13.—A decided sensation took place at the trial of Hip Lung, a Chinaman, for the alleged murder of Chin Wal, who was riddled with bullets last October as a result of rivalry between two "longs." Robert E. Cantwell, one of the attorneys for the defense, withdrew from the case, Patrick H. O'Donnell, who has been associated with him in conducting the case for the defense, making the announcement, and adding that two witnesses for the defense, H. H. Stridiron and John Morssand, had given wilfully false and perjured testimony. Stridiron testified that he saw the shooting and that Hip Lung was not the Chinaman who killed Chin Wal. The state's attorney had traced Stridiron's movements on the night of the murder and had members of the board of trade ready to testify that Stridiron was with them on a train which left Chicago nearly two hours before the shooting occurred. The withdrawal of Cantwell from the case and the announcement by Attorney O'Donnell made the testimony of the board of trade men unnecessary.

CONSCIENCE CONTRIBUTION

Unknown Person Sends Large Sum to Secretary Cortelyou.

Washington, June 13.—Secretary Cortelyou has received in an envelope postmarked Jersey City, a conscience contribution of \$8,000, which has been turned into the conscience fund of the treasury. In an unsigned letter the sender says that many years ago he and another man took a considerable sum of money belonging to the government and that this \$8,000 makes a total of \$40,000 or four-fold the amount originally taken by himself. This sum, he says, has been returned to the treasury from time to time covering a period of several years.

Englishmen Who Offered Precious Stones for Sale.

Pittsburg, June 13.—Albert J. Walker and Ralph Wadman, the two Englishmen arrested last Wednesday while offering valuable diamonds and other precious stones for sale, have been formally charged with smuggling.

Superintendent of Police Thomas A. McQuaide has received an answer to his cablegram to Birmingham, Eng., which to an extent verifies the story and alleged confession of Walker, who said he was a traveling salesman for Abrahams Bros., jewelers, of Birmingham, Eng. While in Panama, he told the police, the firm ordered him home and he had a premonition that he was to be discharged. Then he met Wadman traveling for J. H. Milke & Bros. of Kingston, Jamaica. The two de-

cided to come to Pittsburg, Pa., bringing the jewels with them. They confess to having stolen the stones from officers. On their person when arrested and at their homes the two men had stones and jewelry estimated to be worth \$15,000. The stones were given to under \$100,000. The other gems worth \$20,000 in diamonds under bond.

Two Killed and Four Injured.

Lexington, Ky., June 13.—While working on the Moorhead and North Fork railroad near Paragon, Morgan county, Noah Fugate and Obanion Perry were killed and Tolman Triplett was badly injured. The men lighted a fuse to blast away rock and it failed to explode. They returned to work and Fugate struck the cap with his pick. His head was blown off and Perry died of his injuries later. Triplett is not expected to recover.

JUNE 13 IS MONDAY.
1752—Frances Burney, later Miss
d'Arblay, born; died 1840.
1786—Winfield Scott, general, born near
Petersburg, Va.; died 1867.
1808—The Fifth United States army
corps, under General W. R. Shaf-
ter, sailed from Tampa for Santi-
ago de Cuba.

ASTRONOMICAL EVENTS.

Sun sets 7:28, rises 4:24; moon sets
4:15 a. m.; moon's age 15 days; 8:55
a. m., eastern time, full moon; 4 p. m.,
planet Venus apparently stationary;

horizon in evening twilight.

In Hennepin county the candidates
have to put up their share of the ex-
pense money of running the general
campaign or the committee drops them
on general principles. The candidates
who prefer to carry on an independent
campaign will not be recognized as re-
publican nominees by their party or-
ganization.

BUCKET shops will be unlawful after
Sept. 1st in the state of New York and
it is a law that could be copied with
credit by every state in the union. If
a corporation violates the law the fine
is \$5,000 for the first offense and a for-
feiture of charter for the second. In
the case of an individual the fine will
be \$9,000 or five years imprisonment.

THE gentlemen who are seeking the
republican nomination for governor on
the republican ticket are J. F. Jacob-
son, E. T. Young, Joel P. Heatwole,
M. W. Savage and S. P. Snider. Their
relative strength before the people is
practically as they are named above
and indications point to Mr. Jacobson's
nomination. The fight at the conven-
tion will settle the gubernatorial matter
in Minnesota, for the republican nom-
inee will be elected in November.

Two terms as governor of Minnesota,
is enough, says Gov. Johnson in an in-
terview, and thereby causes the quiver
to become a chill that runs down the
back of every democrat in Minnesota
who holds a job under the administra-
tion. The board of democratic office
holders had 'opes that John would come
in under the wire as a candidate for a
third term after he got through fooling
around after the presidential rainbow,
but the two times winner says no, and
he evidently means it, and he has
sounded the death knell to democratic
hopes in Minnesota.

The game that was scheduled for last night between the North Star Juniors and the N. P. Office teams was called on account of rain, but will be played June 25th.

The board of managers met at 8 p. m. in special session. The first thing considered was the petition of the manager of the team formerly known as the Second Y. M. C. A. team to present another line-up and change the name of the team, which petition was granted; this now gives their manager, Mr. Keating, more freedom in selecting men—as heretofore he has had to play only such men as were members of the Y. M. C. A.; his team will now be known as the "Crescents."

A committee of two was appointed to look over the grounds and make such improvements as seemed necessary and that would at the same time be permissible.

The president was also given power from now on to set a date for any postponed game.

The president and secretary were also instructed to sign and distribute league cards to the proper members of the teams.

The bill of \$1.50 for printing of the schedule cards was allowed and ordered paid.

The next scheduled game will be next Monday, June 15, between the Crescents and N. E. Brainerd.

Bids Wanted

Sealed bids will be received by the Board of Commissioners of Crow Wing county up to July 13th at 2 o'clock p. m. for putting new roof on court house.

Board reserves the right to reject any or all bids.

FORGOT HER CHILDREN

Mrs. Tracy, of Duluth, Forgets to Take Her Children Off Train at Deerwood Friday

Conductor Reed tells a good story at the expense of Mrs. Sarah Tracy, of Duluth. She, accompanied by her three children, came down to Deerwood Friday to enjoy a visit at the home of James McCarville. She expected Mrs. McCarville to meet them but the train had recently changed time and the Deerwood lady was not there to meet it. This frustrated Mrs. Tracy so that she forgot the little ones and did not miss them until after the train pulled out. Conductor Reed discovered the little tots when the train was about two miles this side of Deerwood and the train was stopped and run back to the depot. The mother was nearly frantic by this time.

OIL TRUST FOUND GUILTY

Convicted of Accepting Rebates on Oil Shipments.

Rochester, N. Y., June 13.—Gulftay as charged in the indictment was the verdict brought in by the federal court jury in the Standard Oil company case here.

Counsel for the defense moved for a new trial and it was arranged to have Judge Hazel hear argument on the motion on July 7.

The oil company was placed on trial June 1 for an alleged violation of the interstate commerce law in accepting a concession from the filed tariff on shipments of oil from Olean, N. Y., to Rutland and Bellows Falls, Vt. There were forty counts in the indictment, each representing action on a car of oil. The maximum fine on each count is \$20,000, or a total of \$800,000.

Wisconsin Man Thought to Have Been Murdered at Laporte, Ind.

Chippewa Falls, Wis., June 13.—Letters received by Mrs. Ole Remol from Norway confirm her belief that her father, Christen Hindklev, was a victim of Mrs. Bella Guinness of Laporte, Ind. She is now communicating with Laporte officers, as the postmaster there informed her that Mrs. Guinness had received Hindklev's mail. Hindklev left here two years ago with \$2,000, the proceeds from the sale of a farm. He has not been heard from since by relatives, who had supposed that he had gone to Norway.

Delicious Banana Cream

This recipe is highly recommended by one of our correspondents: Try it for dessert tomorrow. Peel five large bananas, rub smooth with five teaspoonsful of sugar. Add one teaspoon cream beaten to a stiff froth, then add one 10c package of Lemon JELL-O dissolved in 1½ cups boiling water. Pour into mold and when cold garnish with candied cherries. Served with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c a package.

Chief Yeoman Frank Herbert of Battleship Virginia, Visiting His Father

HAD HARD TIME GETTING HERE

Was Delayed Five Days at White Fish, Montana, by Extensive Railway Washouts

Frank Herbert, son of D. C. Herbert, chief yeoman on the U. S. Battleship Virginia, arrived in the city this morning for a flying visit to his father. He left Spokane a week ago Thursday and was delayed at White Fish, Mont., for five days by the washouts. The train was transferred at Sand Point, Idaho, to the Great Northern but at White Fish that road was also washed out and the train delayed. Mr. Herbert states that the citizens of White Fish treated the passengers royally, turning all the motor launches on the lake over to them free of charge one day. The party put in the time hunting and fishing, and to judge from the pictures he brought with him Mr. Herbert was enjoying himself at least a part of the time. Owing to the delay on the road he will be compelled to leave here tomorrow night for a brief visit to his former home at Mankato and then hustle back to the fleet. He states that the fleet will leave San Francisco the 7th of July for Honolulu and the orient.

For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Delicious Banana Cream

This recipe is highly recommended by one of our correspondents. Try it for dessert tomorrow. Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one teaspoon cream beaten to a stiff froth. Then add one 10c package of Lemon JELL-O dissolved in 1½ cups boiling water. Pour into mold and when cold garnish with candied cherries. Served with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c a package.

Everybody Pleased.

Deacon—Are you willing to go? Unpopular Citizen (dying)—Oh, yes; I am. Deacon—Well, I'm glad you are, for that makes it unanimous.—Judge.

BLUE JACKET HERE ON FURLOUGH

Chief Yeoman Frank Herbert of Battleship Virginia, Visiting His Father

HAD HARD TIME GETTING HERE
Was Delayed Five Days at White Fish, Montana, by Extensive Railway Washouts

Frank Herbert, son of D. C. Herbert, chief yeoman on the U. S. Battleship Virginia, arrived in the city this morning for a flying visit to his father. He left Spokane a week ago Thursday and was delayed at White Fish, Mont., for five days by the washouts. The train was transferred at Sand Point, Idaho, to the Great Northern but at White Fish that road was also washed out and the train delayed. Mr. Herbert states that the citizens of White Fish treated the passengers royally, turning all the motor launches on the lake over to them free of charge one day. The party put in the time hunting and fishing, and to judge from the pictures he brought with him Mr. Herbert was enjoying himself at least a part of the time. Owing to the delay on the road he will be compelled to leave here tomorrow night for a brief visit to his former home at Mankato and then hustle back to the fleet. He states that the fleet will leave San Francisco the 7th of July for Honolulu and the orient.

Thinks it Saved His Life

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Dunn's drug store. 50c and \$1.00. Trial bottle free. tts

WEEKLY REVIEW OF TRADE

Too Wet and Cool for the Best Retail Developments.

New York, June 13.—Bradstreet's review of trade says weather, crop and trade reports display irregularity. It has been too wet and cool in the Southwest and Northwest for best retail trade and crop developments, but east of the Mississippi river conditions have been better, and more favorable reports come from the latter sections. In wholesale lines evidences of improvement in fall buying are seen, but purchasers are generally cautious, while sales for immediate shipment are confined to strictly filling in requirements. Political and crop uncertainties seem likely to in-

fluence distant purchases for some time to come and trade is hardly better than quiet to fair the country over. Best reports come from the cotton goods trade and kindred lines, but there is a noted slight halt in this buying, following the price revisions noted some time ago. Wool is firmer on better reports as to duplicate orders for worsted men's wear goods for fall. Iron buying is rather better in some grades. The leather trade sends good reports. Building expenditures still run well below a year ago and lumber and kindred lines are quiet.

HULL-PROUTY CONTEST.

Likely to Be Many Days Before It Is Settled.

Des Moines, June 13.—It is likely to be many days before the Hull-Prouty contest for the Republican congressional nomination in the Seventh district is settled. After nearly a week of canvassing the primary returns in this and other counties, there is still a matter of only five votes between them, and those in favor of Hull. The Prouty men have made a demand for a recount of all of the votes in Dallas county, which will take some days. The canvassers in Polk county, in which Des Moines is situated, also contemplate extensive recounts.

TELEGRAPHIC BREVITIES.

Owing to heavy rains, the Mississippi river at St. Paul is again rising rapidly and has inundated the lowlands.

Mrs. Helen Barber, forty years old, a chambermaid at the St. Louis hotel at Duluth, was killed by the freight elevator.

Unusually heavy rains in Kansas, Nebraska, Missouri and Iowa have caused another rise in the Kansas and Missouri rivers.

The plant of the First Veneering and Seating company at Antigo, Wis., has been destroyed by fire. The loss is about \$50,000.

Representative Wiley of Alabama, who is critically ill at Hot Springs, Va., is reported somewhat improved, though the physicians have little hope of his recovery.

He—So Mr. Stimpurse has proposed to Miss Hope DeFerd.

She—Yes; he has a passion for the antique, I believe.

REPRIEVE FOR BILLEK

Arrives When His Neck Is Bared for the Noose.

STAY GRANTED BY LANDIS

Judge Who Fined the Standard Oil Trust So Heavily Temporarily Prevents Execution of the Alleged Murderer of Mary Vzral.

Chicago, June 13.—Herman Billek, the clairvoyant condemned to die at 11 o'clock Friday, was granted a reprieve as his neck was bared for the noose and his guards were ready for the death march to the scaffold. Judge Kenesaw M. Landis, the federal judge who fined the Standard Oil company \$29,240,000, ordered a stay of execution at 11:10 o'clock, thereby giving Billek time to carry his case before the supreme court of the United States.

The incidents attending the stay of execution were dramatic in the extreme. Billek was snatched from death almost at the foot of the scaffold. He had received the rite of extreme unction. With Father O'Callahan he had uttered his last prayer. His neck had been bared for the noose and the jailer was forming the line to march to the scaffold.

It was 11:10 a. m. when it became known at the jail that Judge Landis had granted the appeal. Chief Deputy Sheriff Peters and Jailer Will T. Davies sat at the telephone in the jailer's office anxiously awaiting news. The telephone bell rang sharply and Davies put the receiver hurriedly to his ear.

As he heard the news he fairly tossed the instrument into the hands of Deputy Peters and hastened to the elevator, alighted at the second floor and rushed to Billek's chambers.

"Judge Landis has granted an appeal," said Jailer Davies as his tall figure hurried through the door of the chamber. "This means a stay of execution. Billek, your life is safe for the present."

The prisoner rose from his chair, his massive head dropping on his chest. A smile, humble and pathetic, that has become characteristic of the man in his present trouble, overspread his livid face, and he said, "I thank God."

Billek was tried and convicted of poisoning to death Mary Vzral, twenty-two years old, and was accused of similarly causing the death of four other members of the Vzral family. Mrs. Rose Vzral, the mother of Mary Vzral, committed suicide when she was arrested as an accomplice of Billek. The deaths in the Vzral family all occurred within a period of two years.

Murder and Suicide.

Morristown, N. J., June 13.—What is believed to have been a murder and suicide was disclosed when the bodies of Frank Ferraco, an Italian barber, and Mrs. Margaret Litz, both about twenty-eight years old, were found in a field near here. The woman had been shot in the ear and Ferraco in the mouth.

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them. If so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

SHOOTS THE COOK.

Saloon Swamper Then Blows His Own Jaw Off and Kills Himself.

Dillon, Mont., June 13.—Because he had been ejected for abusing Charles Scheltzing, a cook, for delaying his breakfast, Thomas Lawler, a saloon swamper, secured a big six-shooter and, creeping around to a window, shot Scheltzing through the back as he was preparing Lawler's meal. Lawler then turned the gun upon himself, firing a bullet into his head. The shot tore off his jaw, and, walking a block, Lawler again shot himself, this time blowing his head off and dying instantly. Scheltzing died soon after being shot. Lawler is believed to have been demented.

ENDS THREE LIVES.

Denver Man Kills a Woman, Another Man and Himself.

Denver, June 13.—In a jealous rage Charles E. Beyers shot and killed Mrs. May E. Boren, landlady of a rooming house, followed by murdering Edward Smith and then killing himself. Beyers and Smith were lodgers at the rooming house conducted by Mrs. Boren. Smith was a recent arrival. Beyers made accusations against Mrs. Boren and Smith and as a result was ordered from the house by the woman. Later he was granted an interview with Mrs. Boren and the shooting followed.

Dozen Persons Injured.

Montgomery, Ala., June 13.—More than a dozen persons were hurt, none of them seriously, at Capitol Heights, a suburb of Montgomery, when the platform used to accommodate participants at the unveiling of the statue of General Robert E. Lee collapsed. Ex-Governor W. C. Oats, who presided, and Judge Thomas G. Jones, the speaker, saved a panic by calming the people. The accident occurred toward the close of the exercises and the programme was completed.

Whaling Steamer Lost.

San Francisco, June 13.—A private cable from Nome says the whaling steamer William Baylis has been lost in the ice pack in Anadyr bay, Siberia. It is believed her crew was rescued by the whaler Bowhead and are now on board the steam whaler Jeannette.

Negro Murderer Hanged.

Frederick, Okla., June 13.—Frank Ford, a negro, was hanged here for murdering his wife near Manitou on June 16 last.

Nine Persons Arrested.

New York, June 13.—Accompanied by a series of mild outbreaks, one of which came near to assuming the proportions of a real riot, nine persons were arrested at the Gravesend track for alleged infringement of the new anti-gambling law.

WILL REMAIN IN JAIL

Thaw Will Not Be Sent Back to Matteawan Asylum.

JEROME DOES NOT OBJECT

Willing to See Stanford White's Slayer Transferred to Some Other Hospital Than Matteawan If He Were Convinced It Were for Thaw's Good.

New York, June 13.—Harry K. Thaw will remain in the Poughkeepsie jail pending an application of his counsel to Justice Dowling of the supreme court for a change of the order committing him to the state hospital for the insane at Matteawan. This decision was rendered by Justice Morschauser of Poughkeepsie after hearing arguments of counsel in this city on a motion to transfer the prisoner to any state asylum other than an asylum for insane convicts.

District Attorney Jerome said that he personally had no objection to the transfer of Thaw to some other hospital if he were convinced that it was for Thaw's good and that there was no danger of his escape.

Justice Morschauser stated that he could not go back of Justice Dowling's order sending Thaw to Matteawan, but in view of the statements that Thaw might not recover there because of the feeling he has toward the head of the institution, he would stay the execution of the order committing him until such time as Thaw's counsel could ask Justice Dowling for a change of the original order.

ARTIST IS DROWNED.

John McGreer Victim of an Unusual Accident.

New York, June 13.—John McGreer, a landscape artist, sixty-nine years of age, who until recently lived in Chicago, was drowned in the Hudson river as the result of an unusual accident.

The artist and his grandson, John, went to a point on the Hudson river off Harlem in order to take a painting of that portion of the river, and he placed his easel upon an old barge anchored near the shore. He seated himself upon a pile of brick upon the barge and began to work.

A swell of a passing river steamer rocked the barge and McGreer was tumbled off his unstable seat into the river. Efforts at rescue were futile.

We are so certain that itching, bleeding and protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

WEEKLY REVIEW OF TRADE

Too Wet and Cool for the Best Retail Developments.

New York, June 13.—Bradstreet's review of trade says weather, crop and trade reports display irregularity. It has been too wet and cool in the Southwest and Northwest for best retail trade and crop developments, but east of the Mississippi river conditions have been better, and more favorable reports come from the latter sections. In wholesale lines evidences of improvement in fall buying are seen, but purchasers are generally cautious, while sales for immediate shipment are confined to strictly filling in requirements. Political and crop uncertainties seem likely to in-

fluence distant purchases for some time to come and trade is hardly better than quiet to fair the country over. Best reports come from the cotton goods trade and kindred lines, but there is a noted slight halt in this buying, following the price revisions noted some time ago. Wool is firmer on better reports as to duplicate orders for worsted men's wear goods for fall. Iron buying is rather better in some grades. The leather trade sends good reports. Building expenditures still run well below a year ago and lumber and kindred lines are quiet.

HULL-PROUTY CONTEST.

Likely to Be Many Days Before It Is Settled.

Des Moines, June 13.—It is likely to be many days before the Hull-Prouty contest for the Republican congressional nomination in the Seventh district is settled. After nearly a week of canvassing the primary returns in this and other counties, there is still a matter of only five votes between them, and those in favor of Hull. The Prouty men have made a demand for a recount of all of the votes in Dallas county, which will take some days. The canvassers in Polk county, in which Des Moines is situated, also contemplate extensive recounts.

TELEGRAPHIC BREVITIES.

Owing to heavy rains, the Mississippi river at St. Paul is again rising rapidly and has inundated the lowlands.

Mrs. Helen Barber, forty years old, a chambermaid at the St. Louis hotel at Duluth, was killed by the freight elevator.

Unusually heavy rains in Kansas, Nebraska, Missouri and Iowa have caused another rise in the Kansas and Missouri rivers.

The plant of the Frost Veneering and Seating company at Antigo, Wis., has been destroyed by fire. The loss is about \$50,000.

Representative Wiley of Alabama, who is critically ill at Hot Springs, Va., is reported somewhat improved, though the physicians have little hope of his recovery.

He—So Mr. Slumpure has proposed to Miss Hope DeFerd.
She—Yes; he has a passion for the antique, I believe.

REPRIEVE FOR BILLEK

Arrives When His Neck Is Bared for the Noose.

STAY GRANTED BY LANDIS

Judge Who Fired the Standard Oil Trust So Heavily Temporarily Prevents Execution of the Alleged Murderer of Mary Vzal.

Chicago, June 13.—Herman Billek, the clairvoyant condemned to die at 11 o'clock Friday, was granted a reprieve as his neck was bared for the noose and his guards were ready for the death march to the scaffold. Judge Kenesaw M. Landis, the federal judge who fined the Standard Oil company \$29,240,000, ordered a stay of execution at 11:10 o'clock, thereby giving Billek time to carry his case before the supreme court of the United States.

The incidents attending the stay of execution were dramatic in the extreme. Billek was snatched from death almost at the foot of the scaffold. He had received the rite of extreme unction. With Father O'Callahan he had uttered his last prayer. His neck had been bared for the noose and the jailer was forming the line to march to the scaffold.

It was 11:10 a. m. when it became known at the jail that Judge Landis had granted the appeal. Chief Deputy Sheriff Peters and Jailer Will T. Davies sat at the telephone in the jailer's office anxiously awaiting news. The telephone bell rang sharply and Davies put the receiver hurriedly to his ear.

As he heard the news he fairly tossed the instrument into the hands of Deputy Peters and hastened to the elevator, alighted at the second floor and rushed to Billek's chambers.

"Judge Landis has granted an appeal," said Jailer Davies as his tall figure hurried through the door of the chamber. "This means a stay of execution. Billek, your life is safe for the present."

The prisoner rose from his chair, his massive head dropping on his chest. A smile, humble and pathetic, that has become characteristic of the man in his present trouble, overspread his livid face, and he said, "I thank God."

Billek was tried and convicted of poisoning to death Mary Vzal, twenty-two years old, and was accused of similarly causing the death of four other members of the Vzal family. Mrs. Rose Vzal, the mother of Mary Vzal, committed suicide when she was arrested as an accomplice of Billek. The deaths in the Vzal family all occurred within a period of two years.

Murder and Suicide.

Morrisstown, N. J., June 13.—What is believed to have been a murder and suicide was disclosed when the bodies of Frank Ferraco, an Italian barber, and Mrs. Margaret Litz, both about twenty-eight years old, were found in a field near here. The woman had been shot in the ear and Ferraco in the mouth.

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

SHOOTS THE COOK.

Saloon Swamper Then Blows His Own Jaw Off and Kills Himself.

Dillon, Mont., June 13.—Because he had been ejected for abusing Charles Scheltzing, a cook, for delaying his breakfast, Thomas Lawler, a saloon swamper, secured a big six-shooter and, creeping around to a window, shot Scheltzing through the back as he was preparing Lawler's meal. Lawler then turned the gun upon himself, firing a bullet into his head. The shot tore off his jaw, and, walking a block, Lawler again shot himself, this time blowing his head off and dying instantly. Scheltzing died soon after being shot. Lawler is believed to have been demented.

ENDS THREE LIVES.

Denver Man Kills a Woman, Another Man and Himself.

Denver, June 13.—In a jealous rage Charles E. Beyers shot and killed Mrs. May E. Boren, landlady of a rooming house, followed by murdering Edward Smith and then killing himself. Beyers and Smith were lodgers at the rooming house conducted by Mrs. Boren. Smith was a recent arrival. Beyers made accusations against Mrs. Boren and Smith and as a result was ordered from the house by the woman. Later he was granted an interview with Mrs. Boren and the shooting followed.

Dozen Persons Injured.

Montgomery, Ala., June 13.—More than a dozen persons were hurt, none of them seriously, at Capitol Heights, a suburb of Montgomery, when the platform used to accommodate participants at the unveiling of the statue of General Robert E. Lee collapsed. Ex-Governor W. C. Oats, who presided, and Judge Thomas G. Jones, the speaker, saved a panic by calming the people. The accident occurred toward the close of the exercises and the programme was completed.

Whaling Steamer Lost.

San Francisco, June 13.—A private cable from Nome says the whaling steamer William Baylis has been lost in the ice pack in Anadyr bay, Siberia. It is believed her crew was rescued by the whaler Bowhead and are now on board the steam whaler Jeannette.

Negro Murderer Hanged.

Frederick, Okla., June 13.—Frank Ford, a negro, was hanged here for murdering his wife near Manitou on June 16 last.

Nine Persons Arrested.

New York, June 13.—Accompanied by a series of mild outbreaks, one of which came near to assuming the proportions of a real riot, nine persons were arrested at the Gravesend track for alleged infringement of the new anti-gambling law.

WILL REMAIN IN JAIL

Thaw Will Not Be Sent Back to Matteawan Asylum.

JEROME DOES NOT OBJECT

Willing to See Stanford White's Slayer Transferred to Some Other Hospital Than Matteawan If He Were Convinced It Were for Thaw's Good.

New York, June 13.—Harry K. Thaw will remain in the Poughkeepsie jail pending an application of his counsel to Justice Dowling of the supreme court for a change of the order committing him to the state hospital for the insane at Matteawan. This decision was rendered by Justice Morschauser of Poughkeepsie after hearing arguments of counsel in this city on a motion to transfer the prisoner to any state asylum other than an asylum for insane convicts.

District Attorney Jerome said that he personally had no objection to the transfer of Thaw to some other hospital if he were convinced that it was for Thaw's good and that there was no danger of his escape.

Justice Morschauser stated that he could not go back of Justice Dowling's order sending Thaw to Matteawan, but in view of the statements that Thaw might not recover there because of the feeling he has toward the head of the institution, he would stay the execution of the order recommending him until such time as Thaw's counsel could ask Justice Dowling for a change of the original order.

ARTIST IS DROWNED.

John McGreer Victim of an Unusual Accident.

New York, June 13.—John McGreer, a landscape artist, sixty-nine years of age, who until recently lived in Chicago, was drowned in the Hudson river as the result of an unusual accident.

The artist and his grandson, John, went to a point on the Hudson river off Harlem in order to finish a painting of that portion of the river, and he placed his easel upon an old barge anchored near the shore. He seated himself upon a pile of brick upon the barge and began to work.

A swell of a passing river steamer rocked the barge and McGreer was tumbled off his unstable seat into the river. Efforts at rescue were futile.
